**Subject:** RE: 'Fodder fed' certification trade mark 2078679 [SEC=OFFICIAL]

Good Afternoon Hannah,

Thankyou for your email regarding the certified Trademark application regarding the FodderFed trademark.

The application of this trademark as a certified trademark was previously withdrawn with IP Australia in June 2021. A copy of the extract from IP Australia's trademark search records noting the status of the application and the date it was withdrawn is attached.

It was presumed that withdrawal would have been advised by IP Australia as part of the withdrawal process however it appears that this may not have been the case.

Regards

Bruce Gormley
