DP-REG initiatives – current / recent

DP-REG – Digital Technology Working Group (DTWG) – Pilot technology examination project

TBC – timing to be discussed at the DTWG workshop on 27 March 2023

The DP-REG DTWG is commencing a pilot project examining new technologies, with the first project considering generative AI (such as large language models and text-to-image generators).

The DTWG will scope the pilot at a workshop on **27 March 2023**.
