Subject: [REDACTED] MA1000021 – Telstra TPG Spectrum Transaction – submission'

Hi,

To whom it may concern,

This email is in regard to the TPG and Telstra long-term network sharing agreement. I believe that the agreement will result in significant benefits for [REDACTED] in terms of improved quality of services, greater coverage and quicker access.

I am not quite sure if there is a voting system in place or anything of the like, but we would be highly for this merger.
Kind regards,

Haris Brkic
