Dear Mr Colley

**ACCC final determination on exemption of LINX's Port Adelaide bulk wheat terminal under the Port Terminal Access (Bulk Wheat) Code of Conduct (the Code)**

This letter is to notify you that, pursuant to subclause 5(2) of the Code, the ACCC has determined LINX Cargo Care Group (LINX) (ABN 95 123 685 183) to be an exempt service provider of port terminal services provided by means of its port terminal facility at Berth 29, Port Adelaide (Facility).

In making such a determination, the ACCC has had regard to the matters under subclause 5(3) of the Code. This includes consideration of LINX's legitimate business interests, the public interest in having competition in the market, the interests of exporters who may require access to port terminal services, the economically efficient operation of the port terminal facility and efficient investment in port terminal facilities.

As you are aware, exempt service providers are not required to comply with Parts 3 to 6 of the Code but are still required to comply with Parts 1 and 2 of the Code. The obligations in Parts 1 and 2 require LINX to deal with exporters in good faith, and to publish certain information on its website. This information includes LINX's port loading statement, policies and procedures for managing demand for port terminal services, standard terms and reference prices.

If you have any queries, please contact Katie Young on (03) 9290 6980.

Yours sincerely

Matthew Schroder  
General Manager  
Infrastructure & Transport, Access & Pricing Branch
