

## Annexure 1 to submissions of Adam Internet Pty Ltd, Aussie Broadband Pty Ltd, iiNet Limited and Internode Pty Ltd

It is only if the following questions are answered “yes” that the access seeker concerned could be seen as being a potential constraint on Telstra in the markets for wholesale and retail PSTN voice telephony following withdrawal of regulated WLR.

Question	Adam Internet	Aussie Broadband	iiNet	Internode
Do you have any plans to provide a WLR equivalent in competition with Telstra in the exempt ESAs?	No	No	No	No
Are you able to provide stand alone PSTN voice services using the ULLS? And, if no, do you have any plans to provide such a standalone service?	No (to both questions)	No (to both questions)	No (to both questions)	No (to both questions)
