Subject: Peel Valley Water

Mr Sebastian Roberts

ACCC.

Dear Sir

As a fourth generation Peel Valley landholder, I am appalled by the prospect of further increases

in the water costs. While I appreciate the need for further infrastructure improvements, surely the costs could

be spread across the state evenly. Why should the water costs on the Peel be twice the costs on the

Namoi Valley and more than ten times the cost on the Murray Valley?

I would strongly advise a rethink on this policy.

Yours

Ian Benn
