

FURTHER SUBMISSION TO MOBILE ROAMING INQUIRY

2 June, 2017

Champions of the Bush Inc. (COTB) welcomes the ACCC draft decision on mobile roaming and we think that confirmation of this decision will encourage further telecommunications investment to improve and extend mobile coverage in regional Australia. The draft decision is consistent with COTB's original submission to the Inquiry on 15 November, 2016. We also support the ACCC's encouragement of greater transparency in network quality, expansion and improvement.

Yours sincerely,

Dr Greg Walsh

Chairman

Champions of the Bush Inc
