Dear sir/madam

It is essential that we have a local post office at Euramo as we have already lost so many services in our town. Often there is nowhere to park at the Tully post office and it is extremely convenient to have a post office at Euramo to do our local bank banking there

The post office at Euramo has been there for many decades. I believe nearly 50 years, maybe more. This provides a great psychological and cultural benefit to myself and my children and friends. I believe raising the price of stamps to \$1 will ensure this will continue into the future.

Yours faithfully
