Dear Mr Wright

Telstra's Band 2 ULLS Undertaking – Summary of Submissions

In the course of the ACCC's consultation on Telstra's Band 2 ULLS Undertaking, a large volume of material has been provided by both Telstra and interested parties.

With the intention of assisting the ACCC its task, Telstra has prepared a *Summary of Submissions* document (in both Confidential Category 1 and Public versions) and attaches the same for the ACCC's consideration.

Telstra emphasises that the *Summary of Submissions* document does not contain any new submissions or evidentiary material.

Instead, the *Summary of Submissions* document outlines, at a high level, Telstra's position on the relevant issues by reference to materials which have been before the ACCC for some time. In light of its summary nature, the document is not a comprehensive guide to all materials Telstra has provided to the ACCC but is intended to assist the ACCC by providing a succinct explanation of Telstra's views together with points of reference supporting the same.

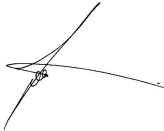

Telstra **does not** claim confidentiality over:

- this letter; or
 - the Public version of the *Summary of Submissions* document,
- and, as such, those documents may be published on the ACCC website.

Telstra **does** claim confidentiality over the Confidential Category 1 version of the *Summary of Submissions* document and, accordingly, that document **may not** be published on the ACCC website.

Telstra will ensure a copy of the Confidential Category 1 version of Telstra's *Summary of Submissions* document is made available to interested parties subject to the same terms of access applicable to any other Telstra Confidential Material and consistent with Telstra's obligations of confidence to other parties.

Yours sincerely,
