Facsimile 02 9261 8390

Dear Michael

**Telstra's ULLS Undertaking and Telstra Efficient Access (TEA) Model**

I refer to your letter dated 22 July 2008. Please find sent with this letter the following:

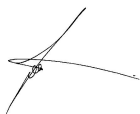

- The TEA model v1.1 (by express post);
- A description of the modifications to the TEA model v1.0;
- Revised documentation for the TEA model; and,
- An addendum to the documentation for the TEA model that deals with Customer Lightning Protection.

As per previous versions of the TEA model, v1.1 of the TEA model is confidential and may not be made public by the Commission. Version 1.1 of the TEA model is provided to the Commission on the same basis as version 1.0 as set out in Telstra's letter dated 3 March 2008.

Telstra is in the process of sending v1.1 and v1.1.1 of the TEA model to those people who have confidentiality arrangements in place for v1.0 and v1.0.1, respectively. The remainder of the documents provided under cover of this letter, and this letter itself, may be made public by the Commission.

I note that the TEA model data dictionary and schematic were emailed to you on 4 August 2008.

Yours sincerely,

Tony Warren  
Executive Director Regulatory Affairs  
Public Policy and Communications
