CBH proposed 2014-17 Port Terminal Services Access Undertaking

Vitol Asia Pte Ltd supports the proposed Access Undertaking and specifically the introduction of Long Term Agreements (LTA's) to better facilitate the allocation of port capacity in the CBH system.

As a commodity trader of differentiated products, and with many of these lying outside of the Agricultural sphere, Vitol has experienced a greater certainty of its business when able to participate in LTA's and this factor alone would encourage the company to continue its support of the Agricultural trade in Western Australia .

If the ACCC has any further questions with regard to our response, please feel free to contact me.

Yours Sincerely,
