

Mr. Anthony Wing
General Manager—Transport and General Prices Oversight
Australian Competition and Consumer Commission

I would like to make a submission on the increased postal charges stating that I do not agree with the increase.

The reasons for this are as follows:

1. We live near Korumburra in Vic. And the mail takes 2-3 days to get to and from Melbourne which is only 1 & 1/2 hour drive from Melbourne.
2. There is no Sunday evening mail clearance in the country and this adds another delay to the mail.
3. Being in the country, we need to use the mail more often as it is not practical to visit some Melbourne businesses. The additional cost is another burden on us.

Yours sincerely

Trevor Browning
