Dear Richard

Telstra Corporation Limited - public versions of further submissions on PSTN OA Exemption Applications

I refer to Telstra's submission dated 30 May 2008, which provides additional documents in support of its 12 October 2007 applications for exemption from the standard access obligations in respect of the declared PSTN originating access service ("**PSTN OA Exemption Applications**").

Telstra now provides public versions of this submission. Telstra provides the following public documents:

- Telstra letter to the Commission dated 5 June 2008;
- Statement of Telstra employee of 2 April 2008 on the provision of ADSL services (relied upon by Dr Paterson);
- Statement of Professor Martin Cave of 30 May 2008; and
- Statement of Dr Paul Paterson of 3 April 2008 in relation to Telstra's WLR/LCS Exemption Applications.

The Statement contains some citations of confidential documents. For ease of reference, Table 1, which provides the equivalent page references to publicly available documents, is attached to this letter.

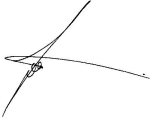

In addition, Telstra provides two further documents which should be attached to the Cave Statement. They are Mallesons Stephen Jaques' instructions to Professor Cave (which are confidential), and a copy of Professor Cave's curriculum vitae (which may be made public).

Telstra does not propose to make available public versions of the remaining documents it has provided to the Commission as the necessary redactions would be so extensive as to deprive the documents of any practical meaning. However Telstra is willing to provide confidential versions of all documents to interested parties that have been approved by Telstra and have entered into appropriate confidentiality arrangements.

Telstra is happy for this letter to be published on the Commission's website.

If you have any questions about it or the attachments, please contact Paul McLachlan on 02 9298 5559.

Yours sincerely

A handwritten signature in black ink, appearing to be 'Tony Warren', written over a horizontal line.

Tony Warren
Executive Director Regulatory Affairs
Public Policy and Communications
