Dear Mr Hatfield

Dalrymple Bay Coal Producers AA1000541 – Submission

BHP Billiton Mitsui Coal Pty Ltd (**BMC**) welcomes the opportunity to provide a submission on the application for authorisation (AA1000541) by the Dalrymple Bay Coal Producers to collectively negotiate with Dalrymple Bay Coal Terminal Management (**DBCTM**), including the request for interim authorisation (**Application**).

BMC operates coal mines and coal development projects in the Bowen Basin and is one of the named applicants and an existing user of Dalrymple Bay Coal Terminal (**DBCT**).

For the reasons provided in the Application, BMC is supportive of both:

1. the grant of interim authorisation; and
2. the matters sought by the Application more broadly, including final authorisation.

BMC confirms that this submission may be made publicly available.

If you require further information from BMC, please contact me on 

Yours sincerely

Alexandra Robertson

BHP Billiton Mitsui Coal
Head of Engineering and Integrated Operations
