To whom it may concern,

As an independant workshop owner i believe that the 10 year warranty offered by MMAL if it is serviced exclusively at their service centres is unjust, it monopolises their market share of the maintainence of these vehicles outside their normal 5 year warranty period.

Aftermarket service and repair businesses will suffer extreme losses of business if this proposal is allowed to go through.

To be allowed to service these vehicles and still be under the 10 year warranty MMAL charge exorbitant fees to become a "licensed" MMAL repairer.

This limits choice of repairer and in fact exludes repairers and depletes competition allowing a monoplised situation to occur which is unethical.

Regards.
