 - (i) Customer is and will remain a Carrier, Carriage Service Provider, Content Service Provider and/or a Specified Utility engaging in a related Specified Activity; and
 - (ii) Customer complies and will continue to comply with the [Credit Policy](#) including providing Credit Evidence or a Financial Security where required under the [Credit Policy](#),(the **Supply Conditions** in respect of that Ordered Product).
- (b) If Customer breaches any of the Supply Conditions, NBN Co may, in addition to NBN Co's other rights, immediately Suspend supply of Ordered Products to Customer pursuant to clause F9.2(a)(v).
- (c) Customer must notify NBN Co immediately if, at any time during the supply of an Ordered Product, Customer no longer fully complies with any of the Supply Conditions.

A2.4 Continued supply after expiry of Minimum Term

Where NBN Co's supply of an Ordered Product to Customer is subject to a Minimum Term, NBN Co will continue to supply that Ordered Product to Customer following the expiry of that Minimum Term in accordance with the terms of this Agreement, unless Customer disconnects that Ordered Product in accordance with the [NBN Co Operations Manual](#) or supply of that Ordered Product otherwise ceases pursuant to the terms of this Agreement.

A2.5 Service Levels

NBN Co will supply each Ordered Product in accordance with the Service Levels that apply in respect of that Product, as set out in the [Service Levels Schedule](#), or the [TTAS Product Description](#).

A2.6 Service Level Rebates

If NBN Co fails to meet a Service Level, NBN Co will credit Customer with the applicable Service Level Rebate (if any) in accordance with the terms of the [Service Levels Schedule](#), or the [TTAS Product Description](#).

A2.7 Measurement and monitoring of performance against Service Levels

- (a) In order to measure its performance in supplying Ordered Products in accordance with the applicable Service Levels, NBN Co will:
- (i) implement and operate such measurement and monitoring tools that it considers are reasonably required;
 - (ii) use reasonable endeavours to ensure that the information and data generated by the measurement and monitoring tools is accurate and correct any inaccuracy as soon as practicable after becoming aware of such inaccuracy; and
 - (iii) engage an independent auditor to audit the general accuracy of its measurement and monitoring tools at least once during the Term and NBN Co will notify Customer of the results of each audit, subject to any confidentiality obligations owed to third parties.
- (b) The information and data generated by the measurement and monitoring tools referred to in clause A2.7(a) is deemed to be accurate evidence of NBN Co's performance in supplying each Ordered Product in accordance with the applicable Service Levels, unless that information or data is found to be inaccurate following resolution of a Data Inquiry in accordance with clause A2.10 or in the determination of a Dispute.

A2.8 Corrective action

If, in supplying an Ordered Product, NBN Co fails to meet any applicable Service Level, then NBN Co will, on request by Customer:

- (a) investigate, and advise Customer of, the cause of that failure to the extent reasonably practicable in the circumstances;
- (b) take such action that NBN Co considers necessary to correct the cause of that failure; and
- (c) notify Customer of the corrective action taken.

A2.9 Service Level Performance Report

- (a) Within 20 Business Days after the end of each Billing Period, NBN Co will provide a report to Customer regarding NBN Co's performance in meeting each Service Level during that Billing Period (**Service Level Performance Report**).
- (b) Each Service Level Performance Report will:

- (c) NBN Co must use reasonable endeavours to respond to the Data Enquiry within 10 Business Days of Customer raising that enquiry and may seek further details from Customer, which Customer will use reasonable endeavours to provide, so as to enable NBN Co to respond.
- (d) If NBN Co considers that it will not be able to respond to a Data Enquiry within 10 Business Days of receipt of that enquiry, it will notify the Customer of a revised timeframe for response.
- (e) If Customer is not reasonably satisfied with the resolution of a Data Enquiry, Customer may raise that enquiry as a Dispute, to be resolved in accordance with [Module G \(Dispute Management\)](#).

A2.11 Further service levels

NBN Co intends to introduce further service levels from time to time during the Term and will, by no later than 30 June 2012, introduce an enhanced service level regime dealing with matters including network performance, service delivery, communication with Customer and planned and unplanned event management. NBN Co will consult with Customer and Other NBN Co Customers about the nature and extent of any future service levels as part of the forum established under clause C1.2(b).

A3 Development of new products and variations and enhancements to existing Products

A3.1 Product Development Forum

- (a) Save in respect of Designated Roadmap Products, NBN Co will establish and operate a multiparty forum where Customer and all Other NBN Co Customers can participate on a non-discriminatory basis (the **Product Development Forum**), using what NBN Co reasonably considers to be appropriate online collaboration tools and communication media.

- (b) The Product Development Forum will be the primary medium for consultation and communication between NBN Co and Customers regarding Product Ideas, as further described in the Product Development Forum processes (the **PDF Processes**).

A3.2 Conduct of the Product Development Forum

- (a) NBN Co and Customer, if it participates, must comply with the [PDF Processes](#).

- (a) NBN Co will assess and respond to that Customer Product Idea in accordance with the [PDF Processes](#); and
- (b) Customer must consult with NBN Co and other participants in the Product Development Forum regarding that Customer Product Idea in accordance with the [PDF Processes](#).

A3.4 NBN Co Product Ideas

- (a) Once NBN Co considers that an NBN Co Product Idea has been sufficiently developed for public comment, NBN Co will consult other participants in the Product Development Forum regarding that NBN Co Product Idea.
- (b) An NBN Co Product Idea is not an offer to supply that NBN Co Product Idea to Customer, any Other NBN Co Customer or any Access Seeker.

A3.5 Minor variations or enhancements

If NBN Co wishes to implement a minor variation or enhancement to an existing Product (being a variation or enhancement that NBN Co, acting reasonably determines will not have, or is not likely to have, a material adverse impact on Customer) which:

- (a) varies or enhances the technical specifications or functionality of that existing Product; and
- (b) such variation or enhancement is not required to be submitted to a Product Development Forum under the [PDF Processes](#),

then NBN Co may implement that minor variation or enhancement upon reasonable prior notice (where practicable) to Customer. The withdrawal of supply of any Product Component or Product Feature will not be regarded, for the purposes of this clause A3.5, as a minor variation or enhancement to an existing Product.

A4 Withdrawal of Products

A4.1 NBN Co's right to withdraw supply of Products

- (a) NBN Co may withdraw from supply any Product, Product Component or Product Feature by giving:
 - (i) at least 24 months prior notice to Customer of the withdrawal of a Product (save for the TTAS which may be withdrawn by NBN Co on at least 6 months prior notice to Customer);

- (ii) at least 12 months prior notice to Customer of the withdrawal of a Product Component or Product Feature; and
 - (iii) at least 12 months prior notice to Customer of transitional arrangements (if any) that NBN Co may make available to Customer and Other NBN Co Customers, including migration to replacement or alternative products, services or solutions that may be offered by NBN Co (save for the TTAS, in respect of which the transitional arrangements will be notified to Customer at the time of the notice of withdrawal under clause A4.1(a)(i)).
- (b) If the withdrawal from supply of any Product Component or Product Feature would, whether withdrawn on its own or together with another Product Component or Product Feature in respect of a particular Product, materially adversely change the nature of the relevant Product, then the withdrawal will be regarded as a withdrawal of a Product and clause A4.1(a)(i) will apply.
- (c) NBN Co may, but is not obliged to, offer replacement or alternative products, services or solutions where a Product, Product Component or Product Feature is to be withdrawn and, if so, will reasonably assist Customer in planning and implementing a migration to replacement or alternative products, services or solutions that may be offered by NBN Co.

A4.2 Restriction on NBN Co's right to withdraw Products

NBN Co will not stop supplying or offering to supply a Product, Product Component or Product Feature if to do so would breach any law applying to NBN Co or any SAU.

A5 Interim Satellite Services

The terms of this Agreement do not apply to the supply of Interim Satellite Services. If Customer wishes to acquire Interim Satellite Services from NBN Co, Customer must enter into a separate agreement with NBN Co for the supply of Interim Satellite Services.

Module B: Financial Management

B1 Charges

B1.1 Charges

The Charges that apply in respect of this Agreement are set out in the [Price List](#) or in the [TTAS Product Description](#).

B1.2 Commencement of recurring Charges

For each Ordered Product, the recurring Charges commence from the Ready for Use Date (whether or not Customer has used the Ordered Product by that date).

B1.3 Cessation of recurring Charges

For each Ordered Product, the recurring Charges apply until the Effective Disconnection Date (if any).

B1.4 Break Fees

- (a) Unless any of clauses B6.1(d), E7 or F10.1(a)(iii) to F10.1(a)(vi) applies, if Customer disconnects an Ordered Product before the expiry of any applicable Minimum Term, then Customer must pay the applicable Break Fee to NBN Co.
- (b) NBN Co will not, during the period commencing on the Execution Date and ending on 30 November 2012, introduce a Minimum Term or Break Fee in respect of any Product described in the Product Catalogue as it exists on the Execution Date.

B1.5 Adjustment of Charges

- (a) If NBN Co supplies an Ordered Product for part of a Billing Period, NBN Co will ensure that the recurring Charges for that Ordered Product are adjusted on a pro rata daily basis in the invoice for the relevant Billing Period (or, where such recurring Charges have been paid in advance, credited on a pro rata daily basis in the invoice for the next Billing Period) to reflect the period of supply of the relevant Ordered Product.
- (b) If NBN Co subsequently accepts, or it is determined through the resolution of a Billing Dispute or Dispute, that Customer has paid Charges to NBN Co which should not have been paid (including as a result of NBN Co failing, in whole or in part, to supply the goods or services to which the Charges relate), then NBN Co will ensure that the Charges for those goods or services are credited to Customer on a pro rata daily basis in the invoice for the Billing Period after that acceptance or resolution.

B1.6 Charges are exclusive of GST

- (a) The Charges and other amounts payable under this Agreement (in this clause B1.6, the **consideration**) are exclusive of GST (unless expressly stated otherwise).
- (b) If GST is or becomes payable on a Supply made under or in connection with this Agreement, the party providing consideration for the Supply (in this clause B1.6, the **recipient**) is responsible for paying an additional amount (in this clause B1.6, the **additional amount**) to the party making that Supply (in this clause B1.6, the **supplier**).

- (c) The payment of the additional amount is conditional on receipt of a valid Tax Invoice by the recipient.
 - (d) The additional amount is equal to the amount of GST payable on that Supply, as calculated by the supplier in accordance with the GST Law.
 - (e) If section 84-5 of the GST Law applies to the Supply, no additional amount is payable.
 - (f) The additional amount is payable by the recipient without set off, demand or deduction at the same time and in the same manner as the consideration for the Supply.
 - (g) If an amount payable under or in connection with this Agreement is calculated by reference to an amount incurred by a party (in this clause B1.6, the **amount incurred**), the amount payable will be reduced by the amount of any Input Tax Credit to which that party is entitled in respect of that amount incurred.
 - (h) If an Adjustment Event occurs, the parties must do all things necessary to make sure that the Adjustment Event is appropriately recognised.
-

B2 Invoices

B2.1 Issuing of invoices

- (a) NBN Co will issue Customer with an invoice for amounts payable by Customer under this Agreement in respect of each Billing Period in accordance with the processes set out in the [NBN Co Operations Manual](#).

B2.2 Billing Period Options

- (a) Customer may select the date of the month on which Customer's Billing Period will commence from among the dates notified to Customer by NBN Co from time to time in accordance with the [NBN Co Operations Manual](#) (the **Billing Period Options**).
- (b) If Customer fails to select a date, NBN Co will nominate a date on which Customer's Billing Period will commence from one of the then-current Billing Period Options.

B2.3 Contents of invoices

- (a) After the start of each Billing Period (the **relevant Billing Period**), NBN Co will invoice Customer for:
 - (i) any recurring Charges that will be incurred by Customer during the relevant Billing Period; plus
 - (ii) any recurring Charges that were incurred by Customer during a Billing Period prior to the relevant Billing Period (a **prior Billing Period**) that were not invoiced by NBN Co in respect of that prior Billing Period; plus
 - (iii) any non-recurring Charges that were incurred by Customer during the relevant or a prior Billing Period; plus
 - (iv) any other amounts (such as interest) payable by Customer under this Agreement that were incurred by Customer during a prior Billing Period; less
 - (v) any deductions for Service Level Rebates accruing during a prior Billing Period; less

- (vi) any pro rata adjustments required in accordance with clause B1.5.
- (b) NBN Co will use reasonable endeavours to issue the invoice for each Billing Period within 10 calendar days after the start of the Billing Period.
- (c) The amounts payable by Customer under this Agreement that are set out in each invoice will be calculated by reference to data recorded by or on behalf of NBN Co. Such data is deemed to be accurate evidence of Customer's obligation to pay such amounts, unless that data is found to be inaccurate in the determination of a Dispute.

B2.4 Requirements for invoices

NBN Co will ensure that each invoice:

- (a) sets out the amounts payable by Customer in Australian dollars;
- (b) contains sufficient information to reasonably enable Customer to identify the Ordered Product (if any) to which the Charges and other amounts relate; and
- (c) complies with all of the requirements of a Tax Invoice under the GST Law.

B2.5 Omitted or miscalculated amounts

- (a) If an invoice omits or miscalculates any amounts payable by Customer under this Agreement, NBN Co may, no later than 6 months after the date of that invoice, issue an additional invoice to Customer, adjust a later invoice submitted to Customer or issue a credit to Customer to recover or refund the omitted or miscalculated amounts.
- (b) If an omitted or miscalculated amount payable by Customer is an amount to which paragraph 6.5.4(c) of the Telecommunications Consumer Protections Code C628:2007 applies, Customer will not be required to pay any additional invoice issued under clause B2.5(a) if it is issued more than 95 calendar days after the date of the original invoice.

B2.6 Crediting of Service Level Rebates

If the total value of any Service Level Rebates accrued during a Billing Period exceeds the amount payable in the invoice issued by NBN Co for the Billing Period in which the amount of any Service Level Rebates will be credited to Customer, then NBN Co will deduct the excess from the amounts due in any invoices issued by NBN Co in the subsequent Billing Period or Billing Periods until the total value of those Service Level Rebates have been provided to Customer.

B3 Payment

B3.1 Customer to pay invoices

- (a) Subject to clause B3.1(c)(i), Customer must pay NBN Co the full amount set out in each invoice, on or before the due date specified in the invoice (which will be at least 30 calendar days after the date of the invoice) (**Due Date**).
- (b) If NBN Co issues an invoice to Customer electronically through the NBN Co Platform, then NBN Co is deemed to have issued the invoice to Customer on the date on which NBN Co receives confirmation from the NBN Co Platform that the invoice has been sent to Customer.
- (c) Subject to clause B5.6, if Customer reasonably raises a Billing Dispute prior to the Due Date in accordance with the relevant processes set out in clause B5, then:

- (i) Customer may withhold payment of the disputed amount identified in the Billing Dispute Notice until that Billing Dispute is resolved, except where the Billing Dispute relates to the amount of any Service Level Rebates to be credited against the amount payable in an invoice; and
 - (ii) Customer must pay the undisputed amount set out in the invoice by the Due Date.
- (d) Each payment of an invoice by Customer must be:
- (i) paid by electronic funds transfer directly to NBN Co's nominated bank account or by such other means agreed between the parties;
 - (ii) paid without any set-off, counter-claim, withholding (except under clause B3.1(c)(i)) or deduction including on account of any non-payment of amounts owed to Customer by NBN Co or any third party; and
 - (iii) accompanied by sufficient information for NBN Co to identify, process and properly allocate those invoice payments (in this clause B3, a **remittance advice**).

B3.2 Receipt of invoice payments

- (a) Each invoice payment made by Customer will be treated as being received by NBN Co when:
- (i) that payment is credited to NBN Co's nominated bank account; and
 - (ii) NBN Co receives a remittance advice from Customer that specifies the invoice or invoices in respect of which the payment has been made.
- (b) If an invoice payment made by Customer is dishonoured, then that payment will be treated as not having been received by NBN Co until it is credited to NBN Co's nominated account in free and clear funds, together with a reimbursement of any dishonour fees and charges that have been paid, or may be payable, by NBN Co in respect of that dishonoured payment.

B3.3 Customer to notify NBN Co if Customer cannot pay invoice

Customer must immediately notify NBN Co in writing if Customer anticipates that it will not be able to pay NBN Co any undisputed amount set out in an invoice on or before the Due Date.

B4 Non-payment

B4.1 Consequences of non-payment

- (a) Customer is in Material Default if Customer does not pay the full amount set out in an invoice by the Due Date, except where it is entitled to withhold payment of that amount in accordance with clause B3.1(c)(i). Any such amount will be an **Overdue Amount** with effect from (but excluding) the Due Date.
- (b) Each of NBN Co's rights under this clause B4 are in addition to, and do not exclude or limit, its other rights or remedies under this clause B4 and/or its other rights or remedies under this Agreement or by law.
- (c) Any exercise of NBN Co's rights under this clause B4 will not waive or prevent the exercise of NBN Co's other rights under this clause B4 or its other rights or remedies under this Agreement or by law.

B4.2 Interest on Overdue Amounts

- (a) If Customer fails to pay an invoice by the Due Date, Customer must, if required by NBN Co, pay NBN Co interest on any amount outstanding (applied for each day from (but excluding) the Due Date until (and including) the date that NBN Co receives payment in full at an annual percentage rate equal to the aggregate of the 30 Day Bank Bill Swap Rate plus 2 per cent.
- (b) The payment of any Overdue Amount under this Agreement does not relieve Customer from the obligation to pay the interest accrued on that Overdue Amount.

B4.3 Enforcement of Financial Security

NBN Co may enforce, call on, use or otherwise take action to exercise or obtain the benefit of any Financial Security to recover any Overdue Amount in accordance with the [Credit Policy](#).

B4.4 Review of Financial Security requirement

If any amount due under this Agreement becomes an Overdue Amount, NBN Co may review and assess the credit risk posed by Customer and require Customer to provide, or adjust the amount of, a Financial Security in accordance with the [Credit Policy](#).

B4.5 Recovering Overdue Amounts as a debt

NBN Co may recover any Overdue Amount as a debt due and payable immediately to NBN Co and may, in accordance with clauses D1.3(d)(i) or D1.3(d)(ii), notify and exchange information regarding Customer with NBN Co's debt collection and credit reporting agencies concerning Overdue Amounts.

B5 Billing Enquiries and Billing Disputes

B5.1 Billing Enquiries

Customer may make an enquiry about an invoice (a **Billing Enquiry**) in accordance with the processes and requirements set out in the [NBN Co Operations Manual](#).

B5.2 Billing Disputes

A **Billing Dispute** is a dispute between the parties which arises because Customer, acting reasonably, considers there is an error in the amount of an invoice payable by Customer under this Agreement.

B5.3 Raising Billing Disputes

Customer may, acting reasonably, raise a Billing Dispute in accordance with the processes and requirements set out in the [NBN Co Operations Manual](#) within 6 months after the date of the invoice to which the Billing Dispute relates.

B5.4 Resolution of Billing Disputes

- (a) Each party must comply with the processes and requirements set out in the [NBN Co Operations Manual](#) to resolve Billing Disputes and use reasonable endeavours to resolve Billing Disputes as promptly and efficiently as possible.
- (b) Each party must continue to perform all its obligations under this Agreement despite the existence of a Billing Dispute.

B5.5 Settling Billing Disputes

- (a) If a Billing Dispute is resolved and it is determined that:
- (i) Customer overpaid NBN Co in respect of the relevant invoice, then NBN Co will, within 30 calendar days of that resolution, credit the overpaid amount to Customer, together with interest on that overpaid amount (applied for each day from (but excluding) the day on which that overpaid amount was paid until (and including) the date that the overpaid amount is credited to Customer); or
 - (ii) Customer has underpaid NBN Co in respect of the relevant invoice, then Customer will, within 30 calendar days of that resolution, pay that underpaid amount to NBN Co, together with interest on that underpaid amount (applied for each day from (but excluding) the relevant Due Date until (and including) the date that the underpaid amount is paid to NBN Co).
- (b) The rate of interest on any overpaid or underpaid amount will be equal to the aggregate of the 30 Day Bank Bill Swap Rate plus 2 per cent.

B5.6 Unreasonable use of the Billing Dispute process

- (a) If NBN Co considers, acting reasonably, that Customer has raised, or is raising, Billing Disputes unreasonably or in bad faith, then NBN Co's Relationship Point of Contact will consult with Customer's Relationship Point of Contact regarding NBN Co's concerns with a view to resolving those concerns.
- (b) NBN Co may suspend Customer's rights under clause B3.1(c)(i) to withhold payment of disputed amounts for a period of 12 months if:
- (i) Customer raises 3 or more Billing Disputes in any 6 month period; and
 - (ii) in at least 3, and in any case more than half of those Billing Disputes raised by Customer during that 6 month period, it is resolved that there was no error in the Charges or in the calculation of the amount of an invoice which was the subject of the Billing Dispute.
- (c) If NBN Co exercises its rights under clause B5.6(b), Customer may continue to raise Billing Disputes under clause B5.3.

B6 Changes to the Price List and other amounts payable

B6.1 Changes to the Price List and other amounts payable

- (a) NBN Co may change the [Price List](#), a charge set out in the [TTAS Product Description](#) or any other amount payable under this Agreement at any time by giving prior notice of that change to Customer in accordance with this clause B6.
- (b) A change to the [Price List](#), a charge set out in the [TTAS Product Description](#), or other amount payable under this Agreement will be effective on the later of:
- (i) the date that is 3 months after the date of the notice referred to in clause B6.1(a), or where reasonably necessary for NBN Co to comply with the Non-Discrimination Obligations, an earlier date specified by NBN Co; and

- (ii) in respect of a Charge that is currently subject to a Validity Period, the expiry of that Validity Period.
- (c) A change to the [Price List](#), a Charge or other amount payable under this Agreement will be effective notwithstanding any Minimum Term that may apply to the supply of an Ordered Product.
- (d) If an Ordered Product is subject to a Minimum Term and a change to the [Price List](#) or other amount payable under this Agreement results in:
 - (i) an increase of the amount payable by Customer in respect of that Ordered Product, then Customer may place a disconnect order in respect of that Ordered Product subject to and in accordance with the [NBN Co Operations Manual](#) without incurring any Break Fees; or
 - (ii) a decrease of the amount payable by Customer in respect of that Ordered Product, then that change will be effective in accordance with clause B6.1(b).
- (e) Notwithstanding anything else in clauses B6.1(a) to B6.1(d), if:
