

TRADE PRACTICES ACT 1974

Undertaking to the Australian Competition and Consumer Commission given for
the purposes of section 87B

by

Elecspress Pty Ltd

ACN 104 535 597

Background

- (1) Elecspress Pty Ltd ACN 104 535 597 is an importer and wholesaler of automotive electrical products. In particular it wholesaled a range of CONDOR LED Rear Combination Lamps comprising white, amber and red lamps serving the function of a reverse, indicator, tail and brake lamp respectively.
- (2) Elecspress Pty Ltd promoted CONDOR LED Rear Combination Lamps as being compliant with certain national vehicle standards as proscribed by the *Motor Vehicle Standards Act 1989*. The relevant vehicle standards were:
 - Vehicle Standard (Australian Design Rule 1/00 – Reversing Lamps) 2005 (referred to as ADR 1/00)
 - Vehicle Standard (Australian Design Rule 6/00 – Direction Indicators) 2005 (referred to as ADR 6)
 - Vehicle Standard (Australian Design Rule 49/00 – Front and Rear (Side) Lamps, Stop Lamps and End Outline Marker Lamps) 2006 (referred to as ADR 49)
- (3) Section 41 of the *Motor Vehicle Standards Act 1989* provides that a national vehicle standard (including a standard designed for a purpose referred to in paragraph (b) or (c) of the definition of vehicle standard in section 5 of the *Motor Vehicle Standards Act 1989*) is to be taken to be a prescribed consumer product safety standard, for the purposes of sections 65C and 65F of the *Trade Practices Act 1974* (the Act).
- (4) The function of these vehicle standards is to specify the photometric requirements for devices which signal to other road users the position, orientation and direction of movement of a vehicle without producing undue glare for other road users.
- (5) Stamped onto the face of each of the CONDOR LED Rear Combination Lamps were the following representations. The white/reversing lamp carried the statement “Complies with ADR 1/00”. The amber/direction indicator lamp carried the statement “Complies with ADR 6”. The red/stop lamp carried the statement “Complies with ADR 49”.
- (6) The Australian Competition and Consumer Commission (the ACCC) was supplied with evidence from the Queensland University of Technology’s Photometric Laboratory that CONDOR LED Rear Combination Lamps failed to meet the photometric requirements of ADR 1/00, ADR6 and ADR49/00. The photometric requirements of these vehicle standards are values in luminous intensity in candela measured at various directions of observation.
- (7) The ACCC considered that Elecspress Pty Ltd representing that CONDOR LED Rear Combination lamps complied with certain national vehicle standards, Elecspress’s wholesale distribution and/or sales of CONDOR LED Rear Combination lamps:
 - falsely represented to consumers that these goods were of a particular standard, quality or grade, in breach of section 53(a) of the Act;
 - falsely represented to consumers that these goods had performance characteristics of benefits they did not have, in breach of section 53(c) of the Act;
 - supplied goods that were intended to be used by consumers for which there were prescribed consumer product safety standards and which did not comply with those standards, in contravention of section 65C(1)(a) of the Act.
- (8) The ACCC wrote to Elecspress Pty Ltd explaining its concerns and asking for Elecspress Pty Ltd to provide evidence demonstrating that CONDOR LED Rear Combination lamps complied with the relevant national vehicle standards.

- (9) Elecspress Pty Ltd responded by stating that it had a letter and compliance sheets from its Chinese manufacturer indicating the lamps did comply with the relevant national vehicle standards. However, it would undertake independent testing of the lamps by LightLab International of Queensland, Australia.
- (10) In addition to undertaking independent testing of its own, Elecspress Pty Ltd immediately ceased supply of CONDOR LED Rear Combination Lamps on 29 March 2007.
- (11) Subsequently, independent testing of CONDOR LED Rear Combination lamps by LightLab International confirmed that the lamps did not comply with the photometric requirements of the relevant national vehicle standards.
- (12) In resolution of this matter Elecspress Pty Ltd offers to undertake the following.

Commencement

- (13) This undertaking comes into effect when:
 - (i) The undertaking is executed by Elecspress Pty Ltd; and
 - (ii) The ACCC accepts the Undertaking so executed
- (14) Upon the commencement of this Undertaking, Elecspress Pty Ltd undertakes to assume the obligations set out in paragraphs 11 to 18.

Undertakings

- (15) Elecspress Pty Ltd hereby undertakes, to the ACCC, for the purposes of section 87B of the the Act:
 - (i) that it will:
 - a) not supply products that are subject to a prescribed safety and/or information standard under the Act, unless the products comply with the relevant standard.
 - (ii) that it will:
 - a) quarantine all non compliant CONDOR LED Rear Combination lamps (including stock currently held in warehouses and stock returned under the recall process referred below), cause such products to be shipped back to China and cause the manufacturer of the products to make the necessary changes to the lamps to enable certification and compliance with the relevant standards;
 - b) instigate and complete a recall of all non-compliant CONDOR LED Rear Combination lamps (the recall program) sold by it within a period ending six weeks commencing 25 May 2007 as follows:
 - a. Elecspress Pty Ltd will cause a personal telephone call to be made to each of the customers listed in Annexure 1 to this undertaking (the affected customers) explaining the nature of the contraventions of the Act and offering to replace the non compliant CONDOR LED Rear Combination lamps with lamps that do comply with the relevant standards;
 - b. Elecspress Pty Ltd will endeavour to replace any non compliant CONDOR LED Rear Combination lamps at the request of an affected customer, within 28 days of the request;
 - c. Within four weeks after completion of the recall program Elecspress Pty Ltd will provide the ACCC with a written report, identifying the affected customers who were offered a recall, the affected customers who requested replacement lamps and the affected customers to whom replacement lamps were provided.
- (16) Elecspress Pty Ltd also undertakes, to the ACCC, that it will design and implement a Trade Practices Compliance Program covering sections 52 and 53 and Division 1A of Part V of the Act in accordance with the requirements set out below in paragraphs (17) to (19) and will maintain and continue to

implement the Trade Practices Compliance program for a period of 5 years from the date of the Undertaking coming into effect.

(17) Training

- (i) Within 6 months of this Undertaking coming into effect, and thereafter at least once a year for the period of the undertaking, Mr Ronald Bryant, Managing Director of Elecspe Pty Ltd will attend practical trade practices training focusing on sections 52 and, 53 and Division 1A of Part V of the Act.
- (ii) Elecspe Pty Ltd will ensure that the training referred to in paragraph (i) above is administered by a suitably qualified, compliance professional or legal practitioner with expertise in trade practices law.
- (iii) Elecspe Pty Ltd will provide a written statement or certificate from the trade practices professional who conducts the training referred to in paragraph (ii) above to the ACCC within 14 days of completion of the training verifying that such training has occurred.

(18) Complaints handling

- (i) Elecspe Pty Ltd will;
 - a) develop procedures for recording, storing and responding to trade practices complaints within two months of this Undertaking coming into effect; and
 - b) provide the Commission with an outline of the complaint handling system developed within two months of the Undertaking coming into effect.
- (ii) If requested by the ACCC, Elecspe Pty Ltd will provide, at its own expense, copies of any other documents or information in respect of matters which are the subject of the Compliance Program.

(19) Product Safety

- (i) Elecspe Pty Ltd will maintain up-to-date copies, at its business premises, of all national vehicle standards as proscribed by the *Motor Vehicle Standards Act 1989* and all prescribed consumer product safety standards and prescribed consumer information standards under the *Trade Practices Act 1974* that relate to products Elecspe Pty Ltd supplies.
- (ii) Elecspe Pty Ltd will maintain recall procedures that enable products supplied by it that do not comply with prescribed national vehicle standards under the *Motor Vehicle Standards Act 1989* or safety and/or information standards under the *Trade Practices Act 1974* to be efficiently and effectively withdrawn from the market and returned to Elecspe Pty Ltd.

Acknowledgments

- (20) Elecspe Pty Ltd acknowledges that the ACCC will make this undertaking available for public inspection.
- (21) Elecspe Pty Ltd further acknowledges that the ACCC will from time to time publicly refer to this undertaking.
- (22) Elecspe Pty Ltd further acknowledges that this undertaking in no way derogates from the rights and remedies available to any other person arising from the alleged conduct.

Executed by Elecspress Pty Ltd pursuant to section 127(1) of the Corporations Act 2001:
